### Gesteigertes Ergebnis:

#### Schweizer Kinojahr 2004 mit Besucherplus von 4.38 %

Bern – Herr und Frau Schweizer schätzen die breit gefächerte Filmvielfalt und gehen wieder mehr ins Kino. Die Branche kann auf ein gutes Jahr zurückblicken und steigert nach einem mässigen Vorjahr die Besucherzahl um 4.38 % und den Umsatz um 5.45 %. Waren die Zuwachsraten bis zum dritten Quartal noch zweistellig, schnitten die letzten 3 Monate des Jahres 2004 weniger gut ab als in den Vorjahren. Trotzdem ist 2004, hinter dem Ausnahmejahr 2002, das besucherstärkste Kinojahr, seit ProCinema 1995 mit der flächendeckenden Kinodatenerfassung begonnen hat.

Der dritte Teil der Harry Potter Serie kam als bester Film auf 608'204 Besucher. Nur noch Shrek 2 erreichte mit 553'148 mehr als eine halbe Million Eintritte (2003: 5 Filme). Weitere 10 Filme konnten mehr als 300'000 ins Kino locken (2003: 8). Mit insgesamt 466 «First Runs» (2003: 399) setzt sich der Trend zu mehr Neustarts pro Jahr weiter fort. Aber auch bei den Reprisen konnte ein leichter Zuwachs verzeichnet werden. Insgesamt kam 2004 die Rekordanzahl von 1'510 Filmen auf die grosse Leinwand.

Beim Schweizer Film wurde das Rekordergebnis von 2003 nicht erreicht. Mit einem Marktanteil von 2.59 % war das Jahr 2004 Durchschnitt. Die für das Fernsehen produzierte Komödie «Sternenberg» platzierte sich als bester Schweizer Film mit 122'396 auf Rang 42 der Jahresliste. Zum zweiten Mal in Folge konnte Buena Vista Intern. (Schweiz) somit den ersten Platz in der Hitliste der Schweizer Filme für sich verbuchen. Dieses Jahr kamen mit «The Ring Thing» und «Achtung, Fertig, Charlie!» auch gleich noch Platz 2 und 3 dazu.

Mit 23.70 % konnte sich Buena Vista Intern. (Schweiz) auch erneut den grössten Anteil am Gesamtmarkt sichern. Hinter Warner Bros. (Transatlantic) Inc. (17.21 %) und United International Pictures (Schweiz) GmbH (16.93 %) folgt mit Monopole Pathé Films AG auf Platz vier der erste unabhängige Verleiher mit 7.86 %, noch vor dem vierten US-Major Twentieth Century Fox SA (6.14 %). Die restlichen 28.16 % des Marktes teilen sich 42 Verleiher.

Bei einer gleich bleibenden Anzahl von Kinos (335) konnten bis Ende 2004 zwölf zusätzliche Säle gezählt werden. Das Sitzplatzangebot hat sich mit 110'455 Plätzen kaum verändert.

Der prozentuale Besucheranteil in den KeyCities (68.24 %) und den Kleinstadt- und Landkinos (31.76 %) ist praktisch unverändert geblieben. Dies trifft auch auf die Anteile in den Sprachregionen zu. Der Marktanteil der Multiplexe liegt mit nunmehr 7 existierenden Häusern bei 22.95 %. Mit 67 Sälen (12.5 %) und 14'244 Sitzplätzen (12.9 %), erzielten sie Total 4'064'253 (22.95 %) Besucher.

Die vorliegenden Daten basieren auf den bezahlten Eintritten der beim Bundesamt für Kultur registrierten Kinos und OpenAirs für die Erhebungsperiode vom 01.01.04 bis 29.12.04. Für die gute Zusammenarbeit bedanken wir uns bei allen Kinobetreibern und Filmverleihern und wünschen bei der Lektüre des Facts & Figures 2004 gute Unterhaltung.

### Résultat en progression:

#### en 2004, la fréquentation des cinémas a augmenté de 4.38 %

Berne – Les Suissesses et Suisses apprécient le grand éventail de films proposés et se rendent à nouveau davantage au cinéma. Après une année précédente mitigée, le secteur se réjouit d'une bonne année 2004, avec une progression des spectateurs de 4.38 % et une augmentation du chiffre d'affaires de 5.45 %. Alors que les taux de croissance des deux premiers trimestres étaient encore à deux chiffres, les trois derniers mois de l'année 2004 ont été moins favorables que l'année précédente. Malgré cela, l'année 2004 a enregistré la fréquentation la plus élevée – hormis l'année exceptionnelle 2002 – depuis que ProCinema a commencé à effectuer des statistiques du cinéma pour l'ensemble de la Suisse, en 1995.

Le troisième volet de la série Harry Potter a été le film le plus vu, avec 608'204 spectateurs. Seul Shrek 2, avec 553'148 spectateurs a également réussi à dépasser la barre du demi-million de spectateurs (5 films ont dépassé ce seuil en 2003). 10 autres films ont attiré plus de 300'000 spectateurs (8 en 2003). Avec au total 466 «premières projections» (399 en 2003), la tendance à l'augmentation des premières projections se poursuit. Au niveau des reprises, on a également pu enregistrer une légère progression. Au total, c'est le nombre record de 1'510 films qui ont été projetés sur le grand écran.

Au niveau des films suisses, on n'a pas dépassé le record de 2003. Avec une part de marché de 2.59 %, l'année 2004 se situe dans la moyenne. La comédie «Sternenberg» produite pour la télévision a été le film suisse le mieux classé en arrivant au 42<sup>ème</sup> rang avec 122'396 entrées. Pour la deuxième fois consécutive, Buena Vista Intern. (Schweiz) a ainsi pu revendiquer la première place dans le classement des films suisses. Cette année, les films «The Ring Thing» et «Attention, prêt, Charlie!» sont encore venus occuper les 2<sup>ème</sup> et 3<sup>ème</sup> rangs.

Avec 23.70 %, Buena Vista Intern. (Schweiz) a également pu s'assurer la plus grande part de marché. Après Warner Bros. (Transatlantic) Inc. (17.21 %) et United International Pictures (Schweiz) GmbH (16.93 %), Monopole Pathé Films AG est au quatrième rang, le premier distributeur indépendant avec 7.86 %, devant le quatrième grand distributeur américain Twentieth Century Fox SA (6.14 %). Les 28.16 % restants du marché sont partagés par 42 distributeurs.

Le nombre de cinémas (335) est resté stable, tandis que douze nouvelles salles de cinéma ont ouvert leurs portes à fin 2004. L'offre de places n'a pratiquement pas changé, avec 110'455 places.

Les proportions de spectateurs dans les KeyCities (68.24 %) et les cinémas de petites villes et de campagne (31.76 %) sont restées pratiquement inchangées. Il en va de même pour les régions linguistiques. La part de marché des multiplexes s'élève à 22.95 % en 2004, avec désormais 7 cinémas. Avec 67 salles (12,5 %) et 14'244 places (12.9 %), ils ont attiré au total 4'064'253 spectateurs.

Les chiffres ci-dessus sont basés sur les entrées payées des cinémas en salle et des cinémas en plein air enregistrés auprès de l'Office fédéral de la culture pour la période du 01.01.04–29.12.04. Nos remerciements vont à tous les exploitants de cinémas et distributeurs. Nous leur souhaitons une agréable lecture du présent Facts & Figures 2004.

## Risultati migliori: l'anno cinematografico svizzero 2004 ha visto una crescita degli spettatori del 4.38 %

*Berna* – I Svizzeri sembrano apprezzare l'ampia gamma di proposte cinematografiche ed hanno ripreso ad andare al cinema più frequentemente. Dopo il modesto andamento del 2003, il settore può guardare ai risultati del 2004 con un certo ottimismo: il numero degli spettatori è aumentato del 4.38 % e la cifra d'affari del 5.45 %. Se fino al terzo trimestre le percentuali di crescita erano ancora a due cifre, l'andamento degli ultimi 3 mesi del 2004 è stato meno positivo del corrispondente periodo degli anni precedenti. Ciò nonostante, il 2004 verrà ricordato come l'anno cinematografico, dopo l'eccezionale 2002, con il maggior numero di spettatori da quando ProCinema ha iniziato, nel 1995, a rilevare a tappeto i dati dei cinema.

Il terzo episodio della serie Harry Potter è risultato il film più visto, con 608'204 spettatori. Solo Shrek 2, con 553'148 spettatori, ha superato la soglia del mezzo milione di entrate (2003: 5 film). Altri 10 film sono riusciti ad attirare nei cinema oltre 300'000 spettatori (2003: 8). Con in totale 466 «First Runs (Prime visioni)» (2003: 399), continua la tendenza alla crescita anno per anno delle «new starts». Ma anche per le riprese si è registrata una leggera crescita. Nel 2004 sono stati proiettati complessivamente 1'510 film, un record.

Per i film svizzeri non è stato raggiunto il risultato record del 2003. Con una quota di mercato del 2.59 %, il 2004 è rimasto nella media. La commedia «Sternenberg», prodotta per la televisione e giudicata il miglior film svizzero dell'anno, si è collocata, con 122'396 spettatori, al 42° posto della classifica annuale. Per la seconda volta consecutiva, Buena Vista Intern. (Svizzera) è così riuscita a conquistare il primo posto nella «hit list» dei film svizzeri. Quest'anno, con «The Ring Thing» e «Achtung, Fertig, Charlie!», sono stati conquistati anche il 2° e 3° posto.

Con il 23.70 %, Buena Vista Intern. (Schweiz) si è assicurata nuovamente la quota più elevata del mercato totale. Seguono la Warner Bros. (Transatlantic) Inc. (17.21 %) e la United International Pictures (Schweiz) GmbH (16.93 % e al quarto posto, con il 7.86 %, la Monopole Pathé Films AG, il primo distributore indipendente, che precede ancora la quarta major US, la Twentieth Century Fox SA (6.14 %). Il restante 28.16 % del mercato è ripartito tra 42 distributori.

A fronte di un numero di cinematografi rimasto invariato, a fine 2004 si contavano dodici sale addizionali. L'offerta di posti a sedere, pari a 110'455, è rimasta praticamente immutata.

La quota percentuale di spettatori nelle key-cities (68'24 %) e nei cinematografi delle piccole città e delle zone rurali (31.76 %) è rimasta praticamente invariata. Questo vale anche per le percentuali di ripartizione in base alle diverse regioni linguistiche. La quota di mercato dei Multiplexe, con 7 case esistenti, è 22.95 %. Con 67 sale (12.5 %) e 14'244 posti a sedere (12.9 %), hanno fatto registrare un totale di 4'064'253 spettatori.

I dati riportati in queste note si basano sugli ingressi pagati ai cinema e agli OpenAirs registrati presso l'Ufficio federale della cultura, per il periodo di 01.01.04–29.12.04. Ringraziamo tutti i gestori di sale cinematografiche e i distributori di film per la fattiva collaborazione e auguriamo a tutti loro una piacevole lettura di Facts & Figures 2004.

## Improved figures: Swiss cinemas attract 4.38 % more visitors in 2004

*Berne* – The Swiss value the wide selection of films on offer and have again started to frequent cinemas more often. The industry can look back on a successful year, with visitor numbers and turnover up by 4.38 % and 5.45 % respectively on the previous unremarkable year. Although growth rates remained in double digits until the end of the third quarter, the last 3 months of 2004 turned out to be poorer than the corresponding period in previous years. In spite of this, 2004 was the best year, apart from the exceptional year of 2002, for cinema attendances since 1995, when cinema-related data began to be recorded exhaustively for the entire country by ProCinema.

The third part of the Harry Potter series attracted 608'204 viewers as the most popular film. Shrek 2, with ticket sales of 553'148, was the only other film to chalk up half a million admissions (2003: 5 films). A further 10 films were successful in attracting more than 300'000 cinemagoers (2003: 8). With a total of 466 first screenings (2003: 399), the trend towards an increasing number of new releases is again becoming evident. But a slight increase in numbers was also able to be recorded for re-releases. A record number of 1'510 films were shown in total during 2004 on the big screen.

For Swiss films, the record results of 2003 could not be topped. With a market share of 5.59 %, 2004 turned out to be an average year. «Sternenberg», a comedy produced for television, ranked 42 on the list of the year's most popular films with 122'396 admissions, making it the best Swiss film. For the second time in succession, Buena Vista Intern. (Schweiz) succeeded in taking top honours in the list of Swiss film hits. But this year, the company also took second and third place honours with «The Ring Thing» and «Achtung, Fertig, Charlie!».

At 23.70 %, Buena Vista Intern. (Schweiz) was again able to secure the largest share of the market. Trailing Warner Bros. (Transatlantic) Inc. (17.21 %) and United International Pictures (Schweiz) GmbH (16.93 %), Monopole Pathé Films AG, the first independent distributor, enjoyed a 7.86 % market share in fourth position, ahead of the fourth US major, Twentieth Century Fox SA (6.14 %). The remaining 28.16 % of the market was split between 42 distributors.

While the number of cinemas (335) remained constant, twelve additional screens were added by the end of 2004. The total number of seats (110'455) hardly changed.

The percentage of visitors in the key cities (68.24 %) and the small town and rural cinemas (31.76 %) remained practically unchanged. The same applied to the percentages in Switzerland's different language regions. Multiplexes enjoyed a market share of 22.95 % with the 7 existing cinema complexes. With 67 screens (12.5 %) and 14'244 seats (12.9 %), they attracted 4'064'253 visitors in total.

The current information is based on the number of admission tickets purchased at conventional and open-air cinemas registered with the Federal Office for Culture, for the period of 01.01.04–29.12.04. We thank all the exhibitors and film distributors for their cooperation and wish you much enjoyment in the reading through the Facts & Figures 2004.
