D

Kinojahr Schweiz 2022: aufwärts Tendenz – aber immer noch schwierig

Mit 9'066'638 Kinobesucher*innen konnte im Jahr 2022 eine gesamtschweizerische Steigerung der Eintritte (Adm) von 61 % gegenüber dem Vorjahr erzielt werden. Die Erholung verteilt sich sprachregional sehr unterschiedlich, was auf die stark abweichenden COVID-19 Auflagen und die damit einhergehenden Einschränkungen für die Kinos zurückzuführen ist. CHD Plus 65 %, CHF Plus 53 %, CHI Plus 99 %.

Insgesamt geht der Besucherzuwachs 2022 zwar in die richtige Richtung, aber die Rahmenbedingungen, insbesondere nach Einstellung der staatlichen Unterstützung (Ausfallsentschädigung), sind immer noch herausfordernd. Die bereits 2021 verordneten COVID-19 Auflagen und die damit einhergehenden Einschränkungen für die Kinos wurden vom Bundesrat am 17. Februar 2022 (Kinowoche 08/2022) aufgehoben. Erst ab diesem Tag war es wieder möglich ohne COVID-Zertifikat (3G, 2G oder 2G+) einen Kinobesuch zu geniessen.

Beim Vergleich mit dem Vorpandemie-Jahr 2019 liegen die Zuschauerzahlen nach den ersten sieben Kinowoche 2022 bereits 50 %, oder ca. 1 Mio Besucher*innen zurück. Trotz Aufhebung der Beschränkungen erholt sich die Kinobranche nur langsam. Lediglich bei 4 Kinowoche des gesamten Jahres wurden höhere Eintrittszahlen als 2019 erreicht. Der Rückgang 2022 gegenüber dem Durchschnitt von 2017–2019 liegt bei 30 % oder ca. 3.9 Mio Besucher*innen. Wenig tröstlich ist es dabei, dass andere Länder noch härter betroffen sind. Die USA verzeichnen gegenüber 2019 einen Rückgang von mehr als Minus 35 %, Deutschland Minus 34 %, UK Minus 34 %, und Italien gar Minus 51 %. Einzig Frankreich steht mit einem Minus von 27 % besser da als die Schweiz.

Der durchschnittliche Eintrittspreis bleibt im Berichtsjahr stabil bei CHF 15.83. Somit stieg der Preis für ein Kinoticket in den letzten 10 Jahren in der Schweiz um 1.83 %. Im Vergleich dazu erhöht sich dieser Preis z.B. in Deutschland im selben Zeitraum von € 7.89 auf € 9.26 oder um 14.8 %.

Schweizer Film

Der Marktanteil (MA) des Schweizer Films liegt mit 463'683 Adm bei 5.11 %. Er ist damit leicht höher als 2021 (4.59 %), jedoch unter dem langjährigen Schnitt der Jahre 2014–2021 von 6.69 %.

Auf Platz 1 der erfolgreichsten Schweizer Filme liegt die Komödie «Die goldenen Jahre» mit 78'797 Adm vor dem Dokumentarfilm «Lynx» mit 33'752 Adm und dem Drama «Unruhe» mit 23'990 Adm. Gesamthaft sind 2022 101 neue Schweizer Filme (plus 299 Reprisen) in den Kinos gezeigt worden. Davon 31 Spielfilme mit einem MA von 63.5 %, 67 Dokumentarfilme – MA 34.1 % und 3 Animationsfilme – MA 2.4 %.

TopFilme

«Top Gun: Maverick» führt die Jahreshitparade mit 621'076 Adm deutlich an. Gefolgt von «Minions: The Rise Of Gru» mit 463'064 Adm. «Nur» auf Platz 3 folgt «Avatar: The Way of Water» mit 392'093 Adm. Bemerkenswert ist, dass «Avatar: The Way of Water» diese Besucherzahl in lediglich 2 Wochen (14.12.22 – 28.12.22) erreicht hat. Der Film steht inzwischen mit einem Total von mehr als 1 Mio Adm bei den erfolgreichsten Filmen seit 1995 in den Top10.

Die 100 erfolgreichsten Filme erreichen einen MA von 82 %. Die verbleibenden 18 % teilen sich die Filme auf den Rängen 101–3'369. Die Anzahl aller in den Schweizer Kinos gezeigten Filme ist nach 2021 (2'345) um mehr als 30 % angestiegen. Bei den Premieren beträgt der Zuwachs 19 % und steht bei 460 neuen Filmen (2021: 385).

12 der 15 erfolgreichsten Filme sind «Sequels». Alle Filme der Top15 stammen aus den USA und vertreten vier Filmgenres; Action (67.95 %), Animation (19.08 %), Adventure (6.58 %) und Comedy (6.39 %). Der MA der US-Amerikanischen Produktionen beläuft sich 2022 auf 67.88 %.

Obwohl es fünf 3D-Filme in die Top10 geschafft haben, zeigen die total erzielten 588'503 3D-Eintritte für lediglich 6.49 % des Gesamtmarktes verantwortlich. Der Anteil ist höher als 2021 aber weit unter der Marke von z.B. 2016, als der Wert von 20 % letztmals überschritten wurde.

www.procinema.ch

Europäischer Film

Mit 1'938'336 Adm und einem MA von 21.38 % liegt der europäische Film (EU 27) leicht über dem Vorjahr (2021: 18.71 %). Insgesamt wurden 1'167 europäische Filme – 209 Premieren und 1'136 Reprisen – vorgeführt. Die Premieren-Filme teilen sich in die Genres Animation (19 Filme mit 140'461 Adm, MA 9.41 %), Dokumentationen (10 Filme mit 36'379 Adm, MA 2.44 %) und Fiction (180 Filme mit 1'315'214 Adm, MA 88.15 %) auf.

Die Kinolandschaft

621 Kinosäle in 265 Kinokomplexen und 89 OpenAir's haben zum Jahresergebnis 2022 beigetragen. Gegenüber 2021 ergibt dies einen Nettoverlust von zwei Kinokomplexen, aber einen Zuwachs von 16 Kinosälen. Das schon so oft bemühte «Kinosterben» hat somit auch 2022 nicht stattgefunden.

Durch die Neueröffnung des blue cinema centers in Chur, steigt die Anzahl der Multiplexe (8 Säle und mehr) in der Schweiz neu auf 18, welche im Berichtsjahr zum ersten Mal einen MA von über 40 % erzielten.

Kinosäle mit «Premium Large Format» (PLF), wie IMAX (5), 4DX (15), ScreenX (4) und DBox (2) erfreuen sich in der Schweiz grosser Beliebtheit. 2022 verzeichneten sie mit 623'502 Adm einen MA von 6.88 %. Beim Umsatz erreichen sie sogar 12.30 %

Alle detaillierten Informationen zum Schweizer Kinojahr 2022 finden Sie auf den nachfolgenden Seiten. Für die gute Zusammenarbeit bedanken wir uns bei allen Kino- und Filmverleih-Unternehmen.

Die vorliegenden Daten basieren auf den bezahlten Eintritten, der beim Bundesamt für Kultur registrierten Kinos und OpenAirs. Festivaleintritte, virtuelle Eintritte (Streaming via Kino-WebSites) und alternativer Content werden bei ProCinema erfasst, sind in dieser Publikation aber nicht berücksichtigt. Nachfolgend die Kennzahlen dieser Datenkategorien:

Datenkategorie	Proj.	Adm.	BO
**Festivaleintritte	926 (*919)	206'058 (*169'366)	3'102'268 (*2'478'871)
***Virtuelle Eintritte	9'308 (*16'496)	22'253 (*39'361)	168'524 (*359'425)

*** Die Kinounternehmen betreiben insgesamt 25, im Jahr 2022 aktive, virtuelle Kinosäle (2021: 54)

F

Année cinématographique suisse 2022 : tendance à la hausse – mais les temps restent durs

Avec 9'066'638 entrées (admissions = adm), l'année 2022 a connu une augmentation de 61 % au niveau national par rapport à l'année précédente pour les cinémas. Cette reprise se répartit de manière très différente dans les régions linguistiques, ce qui est dû aux restrictions COVID-19 très différentes dans les différentes parties du pays en 2021. CHD: plus 65 %, CHF: plus 53 %, CHI: plus 99 %.

Dans l'ensemble, l'augmentation du nombre d'entrées en 2022 va certes dans la bonne direction, mais les conditions générales, notamment après l'arrêt du soutien de l'État (indemnités pour pertes de gain), constituent encore et toujours un défi. Les mesures et interdictions liées au COVID-19 prescrites dès 2021 et les restrictions en décaissant pour les cinémas ont été levées par le Conseil fédéral le 17 février 2022 (semaine cinématographique 08/2022). Ce n'est qu'à partir de ce jour qu'il a été possible de profiter à nouveau d'une séance de cinéma sans certificat COVID (3G, 2G ou 2G+).

Si l'on compare avec l'année 2019 qui précédait la pandémie, le nombre adm après les sept premières semaines cinématographiques en 2022 est déjà inférieur de 50 %, ce qui correspond à environ 1 million adm. Malgré la levée des restrictions, le secteur du cinéma ne se rétablit que lentement. Seules quatre semaines de cinéma sur l'ensemble de l'année ont enregistré un nombre d'entrées supérieur à celui de 2019.

La diminution du nombre d'entrées 2022 par rapport à la moyenne de 2017–2019 est de 30 %, soit d'environ 3.9 millions adm. Il est peu réconfortant de constater que d'autres pays sont encore plus durement touchés. Les États-Unis enregistrent une baisse de plus de 35 % par rapport à 2019, l'Allemagne de 34 %, le Royaume-Uni de 34 % et l'Italie de 51 %. Seule la France s'en sort mieux que la Suisse, avec une baisse de 27 %.

Le prix moyen d'une entrée reste stable: 15.83 CHF pendant l'année sous revue, ce qui signifie que le prix d'une place de cinéma a augmenté de 1.83 % en Suisse au cours des dix dernières années. En comparaison, ce prix augmente par exemple en Allemagne sur la même période, passant de 7.89 € à 9.26 €, soit une hausse de 14.8 %.

Film suisse

Avec 463'683 adm, la part de marché (pdm) du film suisse est de 5.11 %. Elle est donc légèrement supérieure à celle de 2021 (4.59 %), mais inférieure à la moyenne à long terme des années 2014–2021 de 6.69 %.

La comédie «Les Belles Années» arrive en tête des films suisses les plus populaires avec 78'797 adm, devant le documentaire «Lynx» avec 33'752 adm et le drame «Unrueh» avec 23'990 adm. 101 nouveaux films suisses (plus 299 reprises) sont sortis en 2022. Parmi eux, 31 longs métrages avec une pdm de 63.5 %, 67 documentaires – pdm 34.1 % et 3 films d'animation – pdm 2.4 %.

Les meilleurs films

«Top Gun: Maverick» est nettement en tête du hit-parade annuel avec 621'076 adm. Il est suivi par «Minions: The Rise Of Gru» avec 463'064 adm. «Avatar: The Way of Water» arrive «seulement» en troisième position avec 392'093 adm. Il est à noter que «Avatar: The Way of Water» a atteint ce nombre d'entrées en seulement 2 semaines (14.12.22–28.12.22). Le film figure désormais parmi les 10 meilleurs films les plus populaires depuis 1995, avec un total de plus d'un million adm.

Les 100 films les plus populaires atteignent une pdm de 82 %. Les films classés en positions 101–3'369 se partagent les 18 % restants. Le nombre de tous les films projetés dans les cinémas suisses a augmenté de plus de 30 % après 2021 (2'345). Pour les premières, l'augmentation est de 19 % et se situe à 460 nouveaux films (2021: 385).

Douze des quinze films les plus populaires sont des «suites (sequels)». Tous les films du top 15 sont américains et représentent quatre genres de films; action (67.95 %), animation (19.08 %), aventure (6.58 %) et comédie (6.39 %). La pdm des productions américaines s'élève à 67.88 % en 2022.

Bien que cinq films en 3D se soient classés parmi les dix meilleurs, le total de 588'503 adm en 3D ne représente que 6.49 % du marché total. Ce pourcentage est plus élevé qu'en 2021, mais bien inférieur à celui de 2016 par exemple, où les 20 % avaient été dépassés pour la dernière fois.

Le cinéma européen

Avec 1'938'336 adm et une pdm de 21,38 %, le film européen (UE 27) est légèrement supérieur à l'année précédente (2021 : 18.71 %). Au total, 1'167 films européens – 209 premières et 1'136 reprises – ont été projetés. Les premières se répartissent entre les genres animation (19 films avec 140'461 adm, pdm 9.41 %), documentaire (dix films avec 36'379 adm, pdm 2.44 %) et fiction (180 films avec 1'315'214 adm, pdm 88.15 %).

Le paysage cinématographique

621 salles de cinéma réparties sur 265 complexes cinématographiques et 89 Open Air ont contribué au résultat annuel 2022. Par rapport à 2021, cela représente une perte nette de deux complexes de cinéma, mais une augmentation de seize salles. La «disparition des cinémas», si souvent évoquée, n'a donc pas eu lieu en 2022.

Grâce à la réouverture du blue cinema center à Coire, le nombre de multiplexes (huit salles et plus) en Suisse s'élève désormais à 18, qui ont atteint pour la première fois une pdm de plus de 40 % au cours de l'année sous revue.

Les salles de cinéma «Premium Large Format» (PLF), comme IMAX (5), 4DX (15), ScreenX (4) et DBox (2), jouissent d'une grande popularité en Suisse. En 2022, ils ont enregistré une pdm de 6.88 % avec 623'502 adm. En termes de chiffre d'affaires, elles atteignent même 12.30 %.

Des informations complémentaires sur l'année cinématographique suisse 2022 sont proposées dans les pages suivantes. Nous remercions tous les exploitants de cinémas et distributeurs de leur précieuse collaboration.

Les présentes données se basent sur les entrées payantes des cinémas et des Open Air enregistrées auprès de l'Office fédéral de la culture. Les entrées dans les festivals, les entrées virtuelles (streaming via les sites web des cinémas) et les contenus alternatifs sont saisis par ProCinema, mais ne sont pas pris en compte dans cette publication. Les chiffres clés de ces catégories de données sont présentés ci-dessous :

Svizzera – anno cinematografico 2022: tendenza al rialzo, ma situazione ancora difficile

Con 9'066'638 spettatori nel 2022 si è registrato un aumento delle presenze a livello nazionale del 61 % rispetto all'anno precedente. La ripresa è ripartita in modo molto diverso tra una regione linguistica e l'altra, il che può essere attribuito alle restrizioni COVID-19 fortemente diverse applicate nelle varie parti del Paese nel 2021. CHD più 65 %, CHF più 53 %, CHI più 99 %.

Nel complesso la crescita del numero di spettatori nel 2022 va nella giusta direzione, ma il contesto operativo, soprattutto dopo la cessazione del sostegno statale (indennità per perdita di guadagno), è ancora difficile. Le misure COVID-19, già imposte nel 2021, e le relative restrizioni alle sale cinematografiche sono state revocate dal Consiglio federale il 17 febbraio 2022 (settimana 08/2022 del calendario cinematografico). Solo a partire da quel giorno è stato nuovamente possibile recarsi al cinema senza un certificato COVID (3G, 2G o 2G+).

Rispetto all'anno pre-pandemia 2019, il numero di spettatori dopo le prime sette settimane cinematografiche del 2022 è già sotto del 50 %, ovvero di circa 1 milione di spettatori. Nonostante l'abolizione delle restrizioni, l'industria cinematografica si sta riprendendo solo lentamente. Lungo l'intero anno cinematografico solo 4 settimane hanno visto un numero di spettatori superiore a quello del 2019. Il calo nel 2022 rispetto alla media 2017–2019 è del 30 %, pari a circa 3.9 milioni di visitatori. Una seppur minima consolazione è che altri Paesi sono stati colpiti ancora più duramente. Gli Stati Uniti hanno registrato un calo di oltre il 35 % rispetto al 2019, la Germania del 34 %, il Regno Unito del 34 % e l'Italia del 51 %. Solo la Francia fa meglio della Svizzera, con un meno 27 %.

Il prezzo medio del biglietto nell'anno in esame è rimasto stabile a 15.83 franchi svizzeri, il che significa che il prezzo del biglietto del cinema in Svizzera è aumentato dell'1.83 % negli ultimi 10 anni. Per fare un confronto, il prezzo in Germania, ad esempio, è aumentato da 7.89 € a 9.26 €, ovvero del 14.8 %, nello stesso periodo.

Film svizzeri

La quota di mercato (QM) dei film svizzeri si assesta al 5.11 % con 463'683 spettatori. È leggermente superiore a quella del 2021 (4.59 %), ma inferiore alla media a lungo termine 2014–2021 del 6.69 %.

Al primo posto tra i film svizzeri di maggior successo c'è la commedia «Die goldenen Jahre» con 78'797 spettatori, davanti al documentario «Lynx» con 33'752 spettatori e al film drammatico «Unrueh» con 23'990 spettatori. Nel 2022 sono stati proiettati nei cinema 101 nuovi film svizzeri (più 299 repliche). Di questi, 31 erano lungometraggi con una QM del 63.5 % 67 documentari (QM 34.1 %) e 3 film d'animazione (QM 2.4 %).

Top Film

«Top Gun: Maverick» guida chiaramente la hit parade annuale con 621'076 spettatori. Segue «Minions: The Rise Of Gru» con 463'064 spettatori. «Solo» al 3° posto segue «Avatar: The Way of Water» con 392'093 spettatori. È notevole che «Avatar: The Way of Water» abbia raggiunto questo numero di spettatori in sole 2 settimane (14.12.22–28.12.22). Il film si colloca ora nella top10 dei film di maggior successo dal 1995 con un totale di oltre 1 milione di spettatori.

I 100 film di maggior successo ottengono una QM dell'82 %. Il restante 18 % è condiviso dai film classificati dal 101 al 3'369 posto. Il numero di tutti i film proiettati

nei cinema svizzeri è aumentato di oltre il 30% dopo il 2021 (2'345). In termini di anteprime, l'aumento è del 19% e si attesta a 460 nuovi film (2021: 385).

12 dei 15 film di maggior successo sono «sequel». Tutti i film della Top15 provenienti dagli Stati Uniti e rappresentano quattro generi cinematografici: azione (67.95%), animazione (19.08%), avventura (6.58%) e commedia (6.39%). La QM delle produzioni statunitensi nel 2022 è del 67.88%.

Sebbene cinque film in 3D siano entrati nella Top10, il totale di 588'503 presenze in 3D rappresenta solo il 6.49% del mercato totale. La quota è superiore a quella del 2021, ma molto inferiore a quella del 2016, quando il valore del 20% è stato superato per l'ultima volta.

Film europei

Con 1'938'336 presenze e una QM del 21.38%, il cinema europeo (UE 27) raggiunge un livello leggermente superiore all'anno scorso (2021: 18.71%). In totale sono stati proiettati 1'167 film europei – 209 prime e 1'136 repliche. Le anteprime sono suddivise nei generi animazione (19 film con 140'461 spettatori, QM 9.41%), documentari (10 film con 36'379 spettatori, QM 2.44%) e fiction (180 film con 1'315'214 spettatori, QM 88.15%).

Il paesaggio cinematografico

621 cinema in 265 complessi cinematografici e 89 OpenAir hanno contribuito al risultato annuale del 2022. Rispetto al 2021 si registra una perdita netta di due complessi cinematografici, ma un aumento di 16 schermi. Nel 2022 non si è quindi verificata la tanto discussa «moria dei cinema».

L'apertura del nuovo Blue cinema di Coira porta a 18 il numero di multiplex (8 schermi e oltre) in Svizzera, che per la prima volta nell'anno in esame ha raggiunto una QM superiore al 40%.

I cinema di grande formato (PLF) come IMAX (5), 4DX (15), ScreenX (4) e DBox (2) sono molto popolari in Svizzera. Nel 2022 hanno registrato una QM del 6.88% con 623'502 presenze. In termini di fatturato, raggiungono addirittura il 12.30%.

Tutte le informazioni dettagliate sull'anno cinematografico svizzero 2022 sono reperibili alle pagine che seguono. Ringraziamo tutte le imprese cinematografiche e di distribuzione per l'ottima collaborazione.

I dati qui presentati si basano sugli ingressi a pagamento nei cinema e negli eventi all'aperto registrati presso l'Ufficio federale della cultura. Gli ingressi ai festival, gli ingressi virtuali (streaming attraverso i siti web dei cinema) e i contenuti alternativi sono registrati da ProCinema, ma non sono inclusi in questa pubblicazione. Di seguito sono riportate le cifre chiave per queste categorie di dati:

Categoria di dati	Projection	Admission	BoxOffice
** Entrate al festival	926 (*919)	206'058 (*169'366)	3'102'268 (*2'478'871)

E

Cinema year Switzerland 2022: upward trend – but still difficult

With 9'066'638 cinemagoers, a nationwide increase in admissions (adm) of 61% was achieved in 2022 compared to the previous year. The recovery is distributed very differently from one language region to another, which can be attributed to the strongly differing COVID-19 restrictions in the various parts of the country in 2021. CHD Plus 65%, CHF Plus 53%, CHI Plus 99%.

Overall, visitor growth in 2022 is heading in the right direction, but the operating environment, especially after the cessation of government support (compensation for loss of earnings), is still challenging. The COVID-19 requirements already imposed in 2021 and the accompanying restrictions on cinemas were lifted by the Federal Council on 17 February 2022 (Cinema Week 08/2022). Only from this day on was it possible to enjoy a cinema visit again without a COVID certificate (3G, 2G or 2G+).

When comparing with the pre-pandemic year 2019, the audience numbers after the first seven cinema weeks in 2022 are already 50% behind, or about 1 million adm. Despite the lifting of restrictions, the cinema industry is only slowly recovering. Only

4 cinema weeks of the entire year saw higher admissions than in 2019. The decline in 2022 compared to the 2017–2019 average is 30% or about 3.9m adm. It is only a small consolation that other countries have been hit even harder. The USA is down more than 35% on 2019, Germany down 34%, the UK down 34%, and Italy down 51%. Only France is better off than Switzerland, with a minus of 27%.

The average ticket price remained stable in the year under review at CHF 15.83. This means that the price of a cinema ticket in Switzerland has risen by 1.83% in the last 10 years. In comparison, the price in Germany, for example, increased from € 7.89 to € 9.26, or by 14.8%, in the same period.

Swiss Film

The market share (MS) of Swiss film is 5.11% with 463'683 adm. This is slightly higher than in 2021 (4.59%), but below the long-term 2014–2021 average of 6.69%.

In first place among the most successful Swiss films is the comedy "Golden Years" with 78'797 adm, ahead of the documentary "Lynx" with 33'752 adm and the drama "Unruhe" with 23'990 adm. A total of 101 new Swiss films (plus 299 reprises) were shown in cinemas in 2022. Of these, 31 were feature films with an MS of 63.5%, 67 documentaries – MS 34.1% and 3 animated films – MS 2.4%.

TopFilms

"Top Gun: Maverick" clearly leads the annual hit parade with 621'076 adm. Followed by "Minions: The Rise Of Gru" with 463'064 adm. "Only" in 3rd place is "Avatar: The Way of Water" with 392'093 adm. It is remarkable that "Avatar: The Way of Water" reached this number of admissions in only 2 weeks (14.12.22–28.12.22). The film now ranks in the top10 for most successful films since 1995 with a total of more than 1 million adm.

The 100 most successful films achieve an MS of 82%. The remaining 18% is shared by films ranked 101–3'369. The number of all films shown in Swiss cinemas has increased by more than 30% compared to 2021 (2'345). In terms of premieres, the increase is 19% and stands at 460 new films (2021: 385).

12 of the 15 most successful films are "sequels". All films in the Top15 are from the US and represent four film genres: Action (67.95%), Animation (19.08%), Adventure (6.58%) and Comedy (6.39%). The total MS of US productions in 2022 is 67.88%.

Although five 3D films made it into the Top10, the total of 588'503 3D adm represent only 6.49% of the total market. The share is higher than in 2021 but far below the mark of e.g. 2016, when the value of 20% was exceeded for the last time.

European film

With 1'938'336 adm and an MS of 21.38%, European film (EU 27) is slightly higher than last year (2021: 18.71%). A total of 1'167 European films – 209 premieres and 1'136 reruns – were screened. The first-run films are divided into the genres animation (19 films with 140'461 adm, MS 9.41%), documentaries (10 films with 36'379 adm, MS 2.44%) and fiction (180 films with 1'315'214 adm, MS 88.15%).

The cinema landscape

621 cinemas in 265 cinema complexes and 89 OpenAir's contributed to the 2022 annual result. Compared to 2021, this results in a net loss of two cinema complexes but an increase of 16 cinema screens. The so often talked about "dying of the cinema" has therefore not taken place in 2022.

The opening of the new blue cinema center in Chur brings the number of multiplexes (8 screens and more) in Switzerland to 18, which achieved an MS of over 40% for the first time in the year under review.

Premium Large Format (PLF) cinemas such as IMAX (5), 4DX (15), ScreenX (4) and DBox (2) are very popular in Switzerland. In 2022, they recorded an MS of 6.88% with 623'502 adm. In terms of BoxOffice, they even reach 12.30%.

Full details of Switzerland's cinema year 2022 can be found on the following pages. We wish to thank all the cinema exhibitors and film distributors for their cooperation.

The data presented here is based on the number of paid admissions purchased at conventional theaters and open-air cinemas registered with the Federal Office for Culture. Festival admissions, virtual admissions (streaming via cinema websites) and alternative content are recorded by ProCinema but are not included in this publication. The following are the key figures for these data categories:

Data category	Projection	Admission	BoxOffice
** Festival-tickets	926 (*919)	206'058 (*169'366)	3'102'268 (*2'478'871)
*** Virtual-tickets	9'308 (*16'496)	22'253 (*39'361)	168'524 (*359'425)
Alternative Content	509 (*222)	22'353 (*3'070)	564'040 (*67'829)

* in brackets, values for 2021

** Festival International de Films de Fribourg, Fondation GIFF, Festival Cinéma Jeune Public, Genève Fondation FIFDH, Locarno Film Festival, Lugano Fondazione Diritti Umani, Nyon Visions du Réel, Solothurner Filmtage, Zurich Film Festival

*** The cinema companies operate a total of 25, in 2022 active, virtual cinema screens (2021: 54)
